**grassmarket**  
community project

Launched in the summer of 2013, Grassmarket Café is a hidden gem of Edinburgh and a social enterprise, supporting the ongoing work of Grassmarket Community Project. Grassmarket Café has built its reputation on using seasonal, locally sourced ingredients in the heart of the Old Town community, just down from Greyfriars Bobby. And now it is proud to provide external catering provision to organisations especially its sister organisation, Greyfriars Charteris Centre and parent, Greyfriars Kirk.
